# APCO International Unveils 2011 Hot Products

## The association selects 25 Hot Products from the 2011 Annual Conference

**Daytona Beach, FL—September 22, 2011**— The [Association of Public-Safety Communications Officials \(APCO\) International](#) has selected 25 Hot Products from a review conducted at the [77<sup>th</sup> Annual APCO Conference](#) in Philadelphia, Pa.

Every year, exhibiting companies receive an e-mail invitation and application form to submit new products that have been released or substantially revised since the previous conference. New products submitted are anonymously reviewed during the conference. The editor of APCO International's official magazine, *Public Safety Communications (PSC)*, and the review team select the most exciting products to be featured in the Hot Products article in the November issue of *PSC*.

This year, more than 80 Hot Product entries were submitted by more than 70 companies for the Hot Products Review. The 2011 Hot Products are:

1. APSSSentinel, Alert Public Safety Solutions Inc.
2. SwitchplusIP Command-Center LT, C4i
3. LongHaul ST 700, Carlson
4. Datron Scout, Datron World Communications
